# STANDARDIZED DATA IN ONE PLACE

Clinical trials are growing in both size and complexity, resulting in an overwhelming amount of data for study teams to consolidate and analyze. Signant's Clinical Data Hub enables sponsors and CROs to simplify the management of increasing volumes and varieties of clinical study data, aggregate disparate sources with the power of machine-learning, and enable timely, actionable insights.

Capture data from any source

Aggregate data in one place
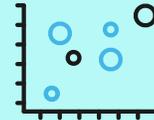

Reveal real-time insights across all data

WHY CHOOSE OUR CLINICAL DATA HUB?

01 Rapidly deploy using our SaaS offering

02 Easily accommodate large volumes of raw data

03 Ingest both structured and unstructured data

04 Vendor agnostic – aggregate data from any source

05 Out-of-the-box adapters feed data from common clinical trial technologies

06 Advanced mapping and transformation powered by machine learning for rapid data transformation / standardization

07 Combine with our Business Intelligence Tool, or your own, for actionable insights

SMARTSIGNALS DATA AGGREGATION AND INTELLIGENCE PLATFORM

SIMPLIFY ACTIVITY AND UNLOCK THE VALUE OF YOUR DATA
