

SIMPLIFY EDC WORKFLOW WITH INTEGRATED RANDOMIZATION

Maintain the statistical integrity of your trial with robust, reliable randomization embedded into your EDC workflow.

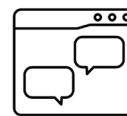

SIMPLIFIED WORKFLOW

Integrated within our EDC, a single solution, single sign on, and an uninterrupted workflow for busy sites.

RELIABLE RANDOMIZATION

Rapid, robust randomization implemented accurately.

IN-HOUSE BIOSTATISTICS

In-house expertise providing methodology consulting, and list creation and QC services.

Why choose our Randomization add-on module with EDC?

- | | | | |
|-----------|--|-----------|---|
| 01 | Rapid setup tools help teams build studies in days, not weeks | 06 | Enable rapid and transparent emergency unblinding |
| 02 | Robust, reliable, list-based randomization, including stratification | 07 | Eliminate data reconciliation: No integration needed – a single build and a single database with our EDC solution |
| 03 | Site-, country-, study-level balance | 08 | Seamless workflow within our Unified Platform EDC |
| 04 | Simplified cohort management | | |
| 05 | Maintain treatment group balance with replacement randomization | | |
